**Classic Travel Cot**

## UNFOLDING THE TRAVEL COT

**1:** Stand the travel cot upright and undo the velcro tabs. Place the mattress pad to one side.

**3**

**2:** Remove the tamper-proof seal, then separate the four corner posts of the travel cot.

**4**

**3:** Ensure the base is not locked or flat, then grasp the middle of the top rails on both short sides and pull upwards until they lock into place.

**5**

**4:** Grasp the middle of the top rails on both long sides and pull upwards until they lock into place.

**6**

**5:** Push down on the support tubes around the sides of the base to lock them then the centre of the base. Always ensure the base is completely flat.

**7**

**6:** Place the mattress pad into the bottom of the travel cot, padded side facing upwards.

**7:** Thread the velcro tabs on the mattress through the holes in the travel cots base. Attach the straps to the underside of the travel cot.

## FOLDING THE TRAVEL COT

**8:** Release the velcro straps under the travel cot and remove the mattress pad. Grab the central handle and pull upwards.

**9a:** Grip the button in the centre of the rail which is located on the underside as shown.

**9b:** Lift the rail slightly to release the locking mechanism.

**9c:** Lower the rail downwards. Repeat for the three other rails

**10:** Check that all of the locks have been released then push the sides fully downwards.

**11:** Gather the sides together without using excess force.

**12:** Wrap the mattress pad around the travel cot and secure with the three velcro tabs.

Place the travel cot back into the carrying bag.

## **IMPORTANT — RETAIN FOR FUTURE REFERENCE — READ CAREFULLY**

**ATTENTION!** Please follow these instructions carefully to avoid injury to your child.

**WARNING:** Do not use the cot if any part is broken, torn or missing and use only spare parts approved by the manufacturer.

**WARNING:** Do not use the cot when the child is able to climb out to prevent the risk of falling.

**WARNING:** Be aware of the risk of open fire and other sources of strong heat, such as electric bar fires, gas fires, etc. in the near vicinity of the cot.

**WARNING:** Do not leave anything in the cot or place the cot close to another product, which could provide a foothold or present a danger of suffocation or strangulation, e.g. strings, blind/curtain cords, etc.

**WARNING:** A travel cot is only ready for use when the locking mechanisms are fully engaged. Check carefully that the locking mechanisms are engaged and functioning correctly before use.

**WARNING:** Please ensure that all fittings are tightened properly before use. Fittings should be checked and tightened regularly where necessary.

**WARNING:** Never leave your child unattended in the travel cot, especially when they are not sleeping.

**WARNING:** While assembling the product, avoid trapping your finger in moving parts.

**WARNING:** Do not use more than one mattress in the cot. The mattress dimensions are 940x670x20 mm (length, width, depth).

**ATTENTION:** The distance between the mattress and the extremity/sides of the cot should never be more than 30 mm.

**WARNING:** Never use a mattress thicker than 80 mm. The red mark shows the maximum thickness of the mattress. Never use the travel cot without the mattress supplied by the producer.

**ATTENTION:** To prevent injury from falls, when a child is able to climb out of the cot, the cot shall no longer be used for that child.

## **CARE AND MAINTENANCE**

Regularly check that the travel cot does not have missing or broken parts.

Do not seat down on the travel cot's sides to prevent them from working in an incorrect or dangerous way.

If the product is used on the beach, always make sure you remove all sand before putting it back in its carrying bag.

To clean the travel cot, use warm water and mild detergent.

Clean the carrying bag at 30° in the washing machine, with a soft clothes program.

Do not bleach.
